“Never doubt that a small group of thoughtful, intelligent people can change the world. Indeed, it is the only thing that has.” ~Margaret Mead~

The CAC is interested in expanding its current membership and effectiveness in support of individuals with disabilities.

Our public schools are devoting energy to the development of partnerships with parents and other community members to provide effective, high quality programs for their students.

The CAC wants people who are committed to the appropriate education of all children and willing to share a little time and energy by working in a positive way with others to support the provision of meaningful services to children and young adults with disabilities.

Persons interested in becoming a member, or just finding out more about the CAC, should contact the SELPA office.
